

Australian Wisteria

Allowing Sexual Pleasure Letting Go of What Might Have Been

- ☒ This essence is for those who are uncomfortable with their sexuality.
- ☒ They maybe unable to relax and enjoy sex, or afraid of physical intimacy and/or sensuality.
- ☒ It is especially beneficial for those who have had difficult sexual experiences.
- ☒ Negative beliefs around sexuality can develop from the time in the womb or from our parents attitude towards sex.
- ☒ The remedy works in clearing these beliefs, allowing sexual enjoyment, openness, gentleness and ease of sexual intimacy.
- ☒ Wisteria also allows the 'macho male' to be more aware of his softer, feminine side.
- ☒ It is also for wistfulness, constantly obsessing over what could have been or should have been.
- ☒ Helps us accept that change always brings something better if we allow it to.
- ☒ Releases lingering sadness.
- ☒ Useful Affirmation when taking this: *'I now joyfully embrace my present and allow myself to move forward with great joy and excitement'*
