Integrating Spirituality and Sexuality

Restoring Innocence

- ☒ This essence embodies the essence of purity and helps us integrate any conflicts we may have that cause us to feel impure, such as the historical conflict between sexuality and spirituality
- ☒ It helps release any patterns we may carry about sex being dirty or unclean.
- ☒ Many of us carry past life vows of celibacy or have been brought up with beliefs that you cannot express both your sexual and spiritual nature, yet as we evolve we will find new abilities and gifts will emerge as we are able to integrate these two energies.
- ☒ Common reactions to our sexuality can either be to over-use it or misuse it which can compromise our astral body or to suppress it, which disconnects us from the life force trying to support us from our lower chakras.
- ☒ The greatest aspect of this essence is to connect the sexual energy with the soul to help us expand into the full potential of our creative self.
