

Rosa Webbiana

Releasing Jealousy, Rigidity, Bitterness and Irritability Attuning to Other Dimensions

- ☒ This wild rose originated in the Himalayas. It was used to develop psychic abilities in Atlantis and is helpful for expanding your consciousness.
- ☒ It helps us to develop the ability to transfer energy to and from multidimensional levels, particularly with the angelic realms and ascended masters and to use this ability in daily life.
- ☒ It enables us to transmit this energy to others and particularly supports visualisation and channeling.
- ☒ It can help to release deep cellular memories into our awareness.
- ☒ It enables a greater understanding of our life purpose, especially when this involves working with others and it allows ideas to flourish from our learning.
- ☒ It allows you to align with Earth energy by enabling you to assimilate it through your feet. It can strengthen your arms and legs and encourages a steady energy flow from your feet to your crown.
- ☒ The heart, throat and brow chakras are activated as well as the chakras behind the knees. This can bring much greater insight into the meaning of our life situation and our soul purpose.
- ☒ Used as part of blend, it greatly enhances the power of all essences in the blend.
- ☒ Blocks to channelling spiritual guidance can be released, particularly those which are at the root of some depressive states, enabling you to develop and become aware of your psychic abilities.
- ☒ This essence helps in cases of intolerance, repression, limitation, withdrawal, annoyance, distrust, resentment, possessiveness, feelings of rejection, judging others and feeling discouraged.
- ☒ It fills you with love, compassion, honesty and feelings of expansion, co-operation and oneness.
- ☒ It brings an understanding of our connectedness to all life, allowing our heart to fill with love.
- ☒ Useful Affirmation: *'I allow negative emotions to dissolve into the unconditional love of the Universe. I'm attuned to other dimensions and move energy easily between them.'*
